This program is open to the public.

Building Partnerships

Meet Scenic Highway Foundation's newest partner - Ocean Hour. Sharon Gincauskas of Gulf Breeze created the local chapter of Ocean Hour in 2012. The chapter conducts cleanups every Saturday along area shorelines. Said long-time volunteer Barbara Mozur in the local "SPLASH" newspaper, "Through Ocean Hour's cleanup efforts, over 4,000 pounds of marine debris has been cleaned from our shores in 2016 so far." Scenic Highway and Earth Ethics helped contribute to that poundage.

The weather is getting cooler! Join Scenic Highway Foundation and Earth Ethics at Bay Bluffs Park or Chimney Park the 2nd Saturday of each month from 9:00 to 10:00. Ocean Hour supplies grabbers, gloves, buckets and bags. You're never too old to pick up litter!

Scenic Highway Foundation has a vision for Chimney Park

The old saw mill remnant at Chimney Park was listed on the National Register of Historical Places in the fall of 2011. The Scenic Highway Foundation has a plan to restore the remnant and make the park a place for residents and visitors to enjoy.

You can help the Scenic Highway Foundation make Chimney Park a first-class destination. With a spectacular view of Escambia Bay and educational information on the highway's history, features and resources, this park will be a community asset.

Go to www.PensacolaScenicBluffs.org to make a donation, and learn how you can be involved. No amount is too small!
